THE COURTS.

SEEKING TO ANNUL HER SON'S MARRIAGE. Proceedings were begun yesterday in the apprene Court in Brooklyn to annul the marriage of odrew S. Hall with Mrs. Mary J. Wood, on the ground Andrew S. Hall with Mrs. Mary J. Wood, on the ground that the former was legally a lunatic at the time of the marriage. Hall, who is about twenty-six years of age, was declared a lunatic in 1878 in proceedings taken by his mother, the widow of Asa Hall, formerly a hat manufacturer in Brooklyn, of No. 44 Chaunecy st. Young Hall mother, the whole of No. 44 Chauncey st. Young Hall turer in Brooklyn, of No. 44 Chauncey st. Young Hall was never bright, and after marrying he became insane. After he was adjudged insane he was sent to an asylum and his mother and sister were made the committee of his estate. Two years later his wife died. About that time he was discharged from the asylum as cured, and he lived with his mother afterward. Recently he began to stay from home and to resort to a negro settlement in Bergen-st., on Crow Hill, where many depraved persons consorted. Among those who lived in a half underground hat was a woman mamed Mary J. Wood, an Indian half-breed, who had had two negro husbands, once of whom was sent to State Prison for hife. In June last Hall and this woman were married and began to live together in Sumpter-at. His mother and sister now begin the suit to set aside the marriage. Hall asserts that he had a right to marry and was living comfortably with his wife. He was never insane, he says; at any rate he had been discharged from the arylum cured. He asserts that the proceedings are an attempt to get control of his share of his father's estate.

DAMAGES ASKED FOR AN ASSAULT.

A suit to recover damages for a violent assault has been begun in the Brooklyn City Court by John Ryan, et No. 326 Third-ave., against Alfred Ebner, John Ryan, of No. 326 Third-ave., against Alfred Ebner, a druggist, of No. 457 Third-ave., Brooklyn. It appears that Ebner, while sleeping in his store, was annoyed by mischievous boys of the neighborhood, who rang his night-bell and then jeered at him from a safe distance when he answered it. Determined to revenge himself, he procured a bat and decided to lie in wait for the first boy who attempted to play the trick again. But it hapboy who attempted to play the trick again. But it hap-pened that the first time his night-bell was disturbed after he had so armed himself it was rung by Mr. Ryan, who sought to have a prescription compounded. He rang once, and Ebner softly stole to the door with his club. Byan rang again, and at that moment the enraged draggist poinced upon him and death him several heavy blows over the head and shoulders, inflicting severe in-juries. Ryan now seeks legal redress.

ALIMONY DURING PENDENCY OF A SUIT. Judge Haight yesterday in the Supreme Court. Chambers, made an order granting \$75 counsel fee and \$10 a week alimony pendente lite, to Dora B. Banta in her suit against her husband for a limited divorce on the ground of abandonment. Mrs. Banta alleges that she was married to Mr. Banta in 1875. Soon after the marriage Mr. Bauta became acquainted with an actress who looked with favor on him. He lavished his money and affections on the actress and neglected to provide for his wife. After a time he worked his courage up to the point of asking his wife to leave him and consent that he should get a divorce from her. She thought that he wassking rather more than a faithful wife was bound to give, and refused his request. Some time later he suggested that their difficulties could be smoothed over if she would commit suicide. She told nim that she did not care to kill herself. Mr. Banta denies that he abandoned his wife or did any of the unkind things which she charges. He says she left him and a good nome.

MRS. PIKE SECURES A DIVORCE.

Maria V. A. Pike some time ago began a suit for a limited divorce against her husband, George S. Pige, on the ground of cruel and inhuman treatment. She charged that he had frequently struck and kicked her, that he very often came home drunk and then abused her in various ways, that altogether he was neither as agreeable nor a safe man with whom to live. Some years before she had discovered that he had been unfaithful to her, and as she did not like this, she separated from him. He afterward promised to reform, and she went to live with him again. He did not stay reformed long, but returned to his old ways. Mr. Pike denies that he ever treated his wife in a way which was not gentle, kind and husbandlike. Justice Haight yesterday rendered a decision in which he agants Mrs. Pike \$100 counsel fee and \$10 a week alimony.

AN EX-PRIZE-FIGHTER WANTS AN OFFSET. William Hastings, some time a prize-fighter, who had a bout with "Awful Gardner," is said to be a man of property at present. He let some premises to Abraham Harris, and as the rent was not paid made some efforts to collect it which Mr. Harris, and aftersome efforts to collect it which Mr. Harris, and after-ward a jury, construed into an assault and battery. Mr. Harris obtained a judgment against Mr. Hastings for \$1,000 damages. Mr. Hastings does not want to pay the judgment, or at least no more of it than he is obliged to do, and has brought a suit to have the amount due him from Mr. Harris for rent set off against the judgment. A motion was argued yesterlay before Chief Judge Sedgwick for an injunction against any steps to collect the judgment.

EXPEDITING A CASE BY HABEAS CORPUS. Robert J. Miller, a driver of a Dodd's express wagon, a short time ago drove his wagon over a boy ned Gustave Richter, and injured him so severely that he died. On the inquest the coroner's jury censured Miller for causing the death of the bof by careless driving. The coroner committed Miller to fall in default of \$1,000 mills. The prisoner was yesterlay brought before 18,000 mills. The prisoner was Miller for causing the death of the boy by careless driv-

THE FETROLEUM MARKET.

NEW-YORK, Aug. 17.

As will be seen by reference to the local columns of THE TRIBUNE, an emphatic devial is made of lished report that the Standard Oil Company had absorbed the Tidewater Pipe Line. Color has been given to this report by the recent advance in refined oil. the market fully warrants the higher prices. The low figures which have ruled for refined have been due, in the opinion of the best members of the trade, to an attempt of the Standard to capture the Tidewater by forceing its refining companies to do business at a loss. For two months refined oil has been sold at a loss. The market has been kept artificially low and the present improvement is a natural one, which manipulation could no longer postpone, instead of being a forced advance as some persons have believed.

Pipe Line certificates. An opening 1 cent higher at \$1104 was followed by "shorts" covering up to \$1 113s. A reaction to \$1 10% was succeeded by an advance to but near the close a vigorous seiling movement carried prices down to \$1.05% as \$1.10. The close was animated, with the tendency downward when the gong sounded to stop business. The news from the cill fields was not specially important, and there is no change apparent in the situation as herefore outlined in The Thibuys.

The range of prices and the total dealings here were as follows:

CLOSING PRIONS OF PHILADELPHIA STOCKS,

Barring some little hesitation immediately following the opening of business at the Stock Exchange this morning, there was a pretty steady and progressive appreciation in values from the beginning, which in the last half-hour blossomed out into into a fuil-fledged buoyancy. In stocks the business of the day (349,109 shares) is only 9,000 shares greater than was the business of yesterday. There was a general disposition to advance prices, and it met with no important resistance from any quarter. The "bears" who had not covered either cared not for the fluctuations or were of the smaller calibre that alone exert no influence upon the market. Western Union was a marked feature of the day, and with transactions in only 23,905 shares—less than one-half of those of yesterday—its price advanced from 7378@7612@76. Delaware, Lackawanna and Western also was noticeable-as it has been for a long time-for its large dealings and to-day it closed within 4 per cent of the highest figure for the day-1235-which is an advance of 14 per cent. In 1876 there scarcely was a certificate of Delaware, Lackawanna and Western in the Street; to-day a large proportion of the stock is held on margins and it is one of the most active of all the speculatives. Among the trunk lines, Central and Hudson, Lake Shore, Cauada Southern and Michigan Central record important advances, while Erie closes the same as it did last evening. Oregon and Transcontinental rose from 6612 to 7038@6078, while Northern Pacific common closes unchanged, and the preferred stock closes 3s higher than last evening. The Northwestern stocks were all strong, but ended something off from the best prices, as did everything
